Created Account for MongooseDB

Installing MongooseDB

```
Microsoft Windows [Version 10.0.26200.9818]
(c) Microsoft Corporation. All rights reserved.

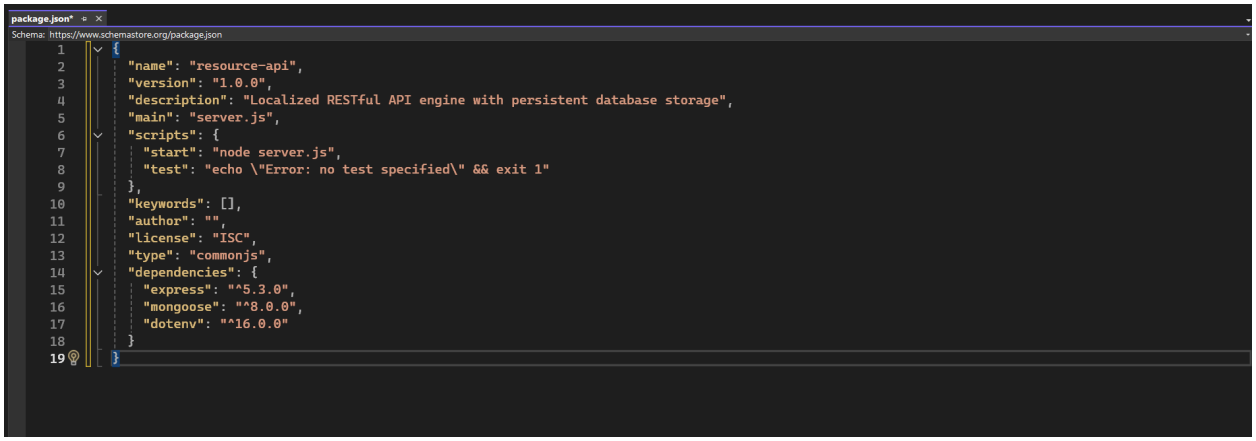

C:\Users\orian>nom install mongoose dotenv
'nom' is not recognized as an internal or external command,
operable program or batch file.

C:\Users\orian>npm install mongoose dotenv

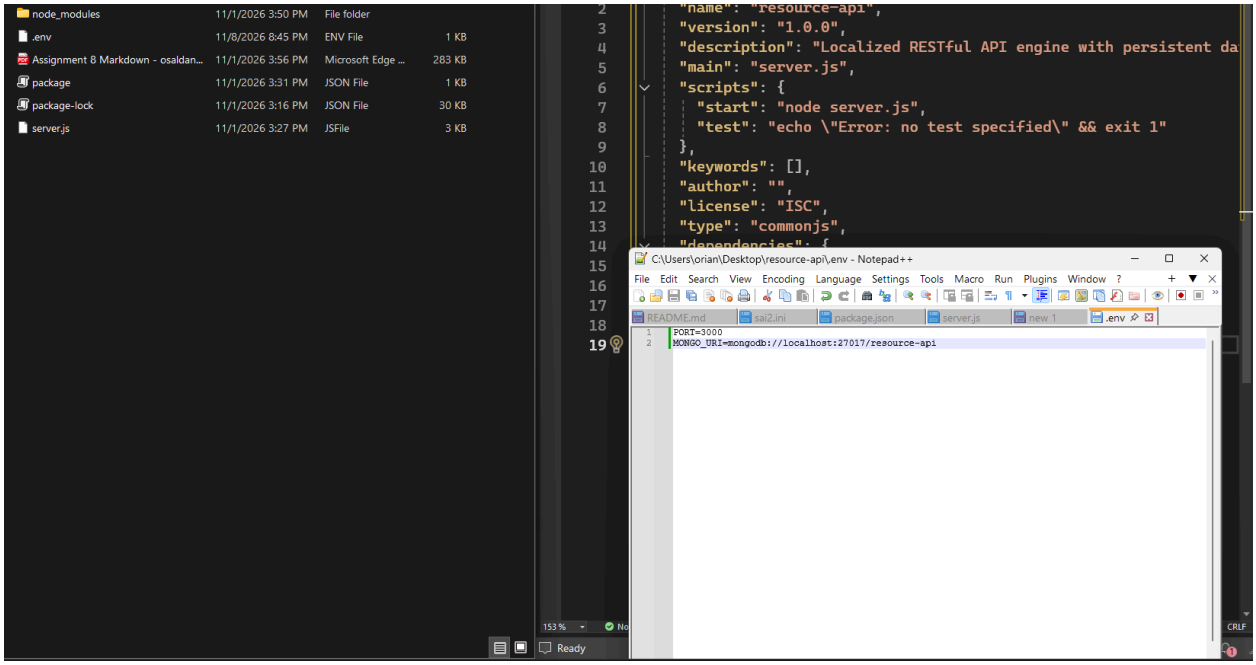

added 20 packages in 10s

2 packages are looking for funding
  run `npm fund` for details
npm notice
npm notice New major version of npm available! 11.19.0 -> 12.2.2
npm notice Changelog: https://github.com/npm/cli/releases/tag/v12.2.2
npm notice To update run: npm install -g npm@12.2.2
npm notice
```

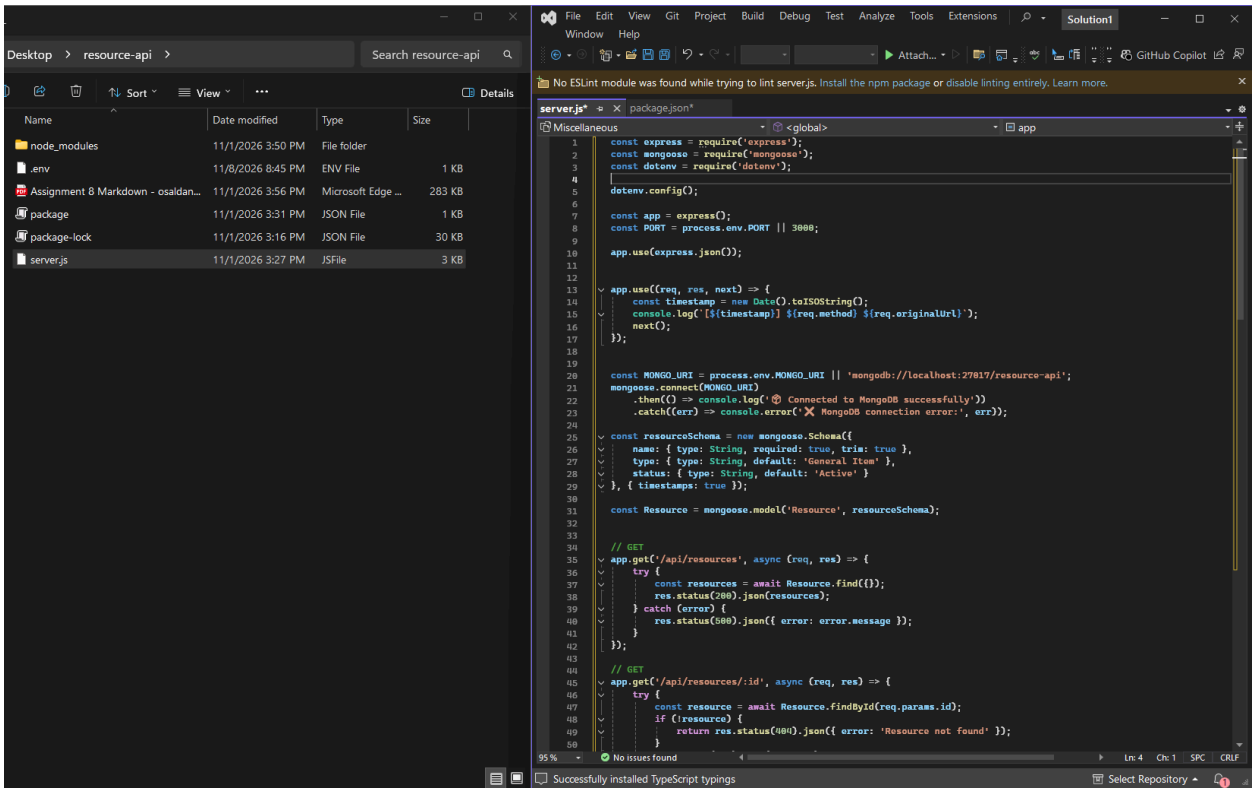

Updating the Package.json

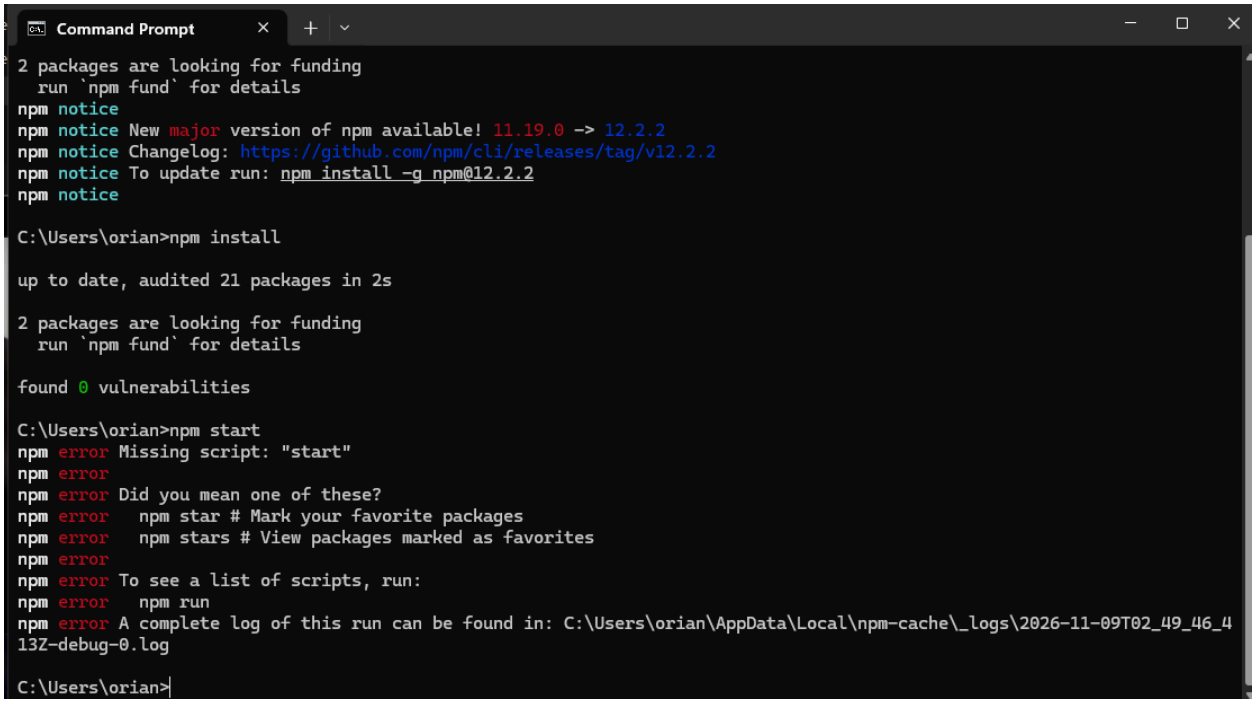

Adding the Enviroment

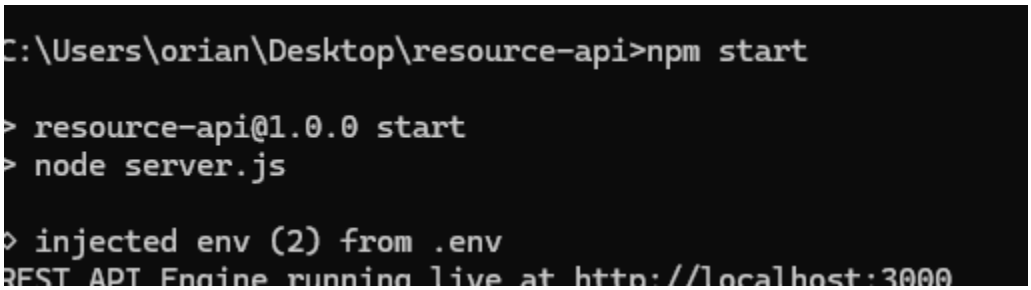

Updating the initial server

Got an error for starting

Forgot to switch directory

Result

```
> node server.js

◇ injected env (2) from .env
